# TRUE AUTOMATIC TRANSMISSION FLUID

## DX-II Type Transmission Fluid

---

### Description

A.T.F. DX-II is an automatic transmission fluid for use when the manufacturer calls for a Dexron DX-II fluid. It is blended from virgin base oils, which have been fortified with anti-wear, anti-oxidant, anti-foam, anti-corrosion and viscosity index improvers together with friction modifiers. This blend of components gives high levels of performance and long service life.

### Outstanding Features

A.T.F. DX-II meets or exceeds the following specifications:

- General Motors GM 6137M
- Daimler Benz 236.6
- Allison C-3
- Caterpillar TO-2

### Directions for Use

A.T.F. DX-II is designed for use in all transmissions, power steering and hydraulic systems where a DX-II fluid is specified. Due to the high quality of the components used in its manufacture, A.T.F. DX-II gives excellent performance and long service life.

### Technical Data

Viscosity @ 40°C	32.0
Viscosity @ 100°C	6.8
Viscosity Index	>160
Pour Point °C	-45

### Pack Sizes

210 Lts Drum  
20 Lts Pail  
5 Lts Bottle
