

## ROCK DRILL GREASE

**Description:** **ROCK DRILL GREASE 400** is a smooth texture homogeneous mixtures of premium quality base oils, Lithium polymer-base soap incorporating extreme pressure and anti-wear additives.

This product has a strong affinity to metal surfaces and high resistance to water washout. The lubricant, reduces friction, prevents scuffing and seizures even under heavy duty conditions.

**Application:** **ROCK DRILL 400** can be used in all types of rock drills where a lubricants is needed

This product is specially developed to provide an effective lubricant film which reduces wear of heavily loaded parts and prevents seizure.

**Characteristics:**

Appearance	Smooth
Thickening agent	Lithium polymer
NLGI Classification	00-000
Worked penetration	400-440
Drop point °C	>90°C
Timken ok load , kg	20
Rust prevention , rating	Pass
